ANNOUNCEMENT OF PUBLIC SELECTION FOR 5 RESEARCH GRANTS
(ITALIAN LAW N. 240, ART.22, 30 DECEMBER 2010)

DESCRIPTION

The Scuola Normale Superiore announces a selection for n° 5 post-doc research positions named “Junior Visiting Positions”. The positions will concern the following five subject matters:

- Position n. 1: Algebraic Geometry and/or Number Theory;
- Position n. 2: Topology, Differential Geometry and/or Geometric Analysis;
- Position n. 3: Partial Differential Equations and/or Probability;
- Position n. 4: Numerical Analysis and/or Financial Mathematics (funded by the Scuola Normale Superiore, within the Ennio De Giorgi Mathematical Research Centre, with the contribution of the Emma and Giovanni Sansone Foundation);
- Position n. 5: Dynamical Systems.

Duration of contracts: 2 years for each contract (estimated starting: October 2024).

Gross remuneration, inclusive of all taxes: € 66,840 for each contract

Deadline for applications: January 11th, 2024 at 04:00 PM (Italian time)

Information about the selection procedure can be found below. Applicants are advised to read the official announcement (Bando) and to follow exclusively its detailed instructions should they decide to apply.

REQUISITES

The selection procedure is open to applicants who have completed a PhD in the subject area of Mathematics or who will complete it by the effective date of the contract or, in any case, by October 1st 2024. Applicants who have completed the aforementioned degrees abroad (or who will complete it by October 1st 2024) may also apply, if that degree is recognized as equivalent to the corresponding Italian degree.

Knowledge of English language is also required to carry out the research activity.

HOW TO APPLY

Candidates with all the aforementioned requisites who wish to participate in the selection process must apply for a specific and single position among the ones specified above. Once the application for a specific position has been submitted, it will not be possible to apply for one of the other “Junior Visiting Positions”.
Applicants with all the aforementioned requisites who wish to participate in the selection process must submit their application exclusively online, using the online dedicated PICA procedure at the following link: https://pica.cineca.it/sns

The PICA app can be accessed via SPID, by choosing the institution “Scuola Normale Superiore” from the page of available federations; alternatively, the procedure will necessarily require an e-mail address in order to register into the system.

Once identified/registered and once procedure relating to this selection has been accessed, they must also upload as attachments, through the online PICA procedure, exclusively in PDF format:

a) a non-authenticated photocopy of a valid identity document;

b) an up-dated curriculum vitae containing a detailed description of their educational career and professional experience;

c) publications, including their PhD thesis, and any other document that they believe may be useful to the assessment of their application. Each publication must occupy a space of not more than 30 megabytes. For those unpublished texts accepted for publication, applicants must include the relative document in its final form and the publisher’s certificate or a detailed substitute statement of affidavit confirming that the relative text has been accepted for publication (please use Attachment A);

d) a list of the submitted publications.

Until the deadline for the submission of applications, the procedure can save any data inserted in draft mode, enabling their modification and/or integration.

By the established deadline, applications for participation in the selection must be filled in definitively in all their parts, signed, on pain of exclusion, in one of the modes indicated by the online procedure, and submitted – together with all the attachments – by means of the same online procedure.

No signature will be required when submitting the application only if the SPID is used to access procedure.

The date of online submission will be certified by the PICA procedure; candidates will be notified of the receipt of their applications and their subsequent registration by means of two separate e-mail messages. Each application will be attributed a separate identification number (application ID) and a registration number, both visible inside the application; the application ID must be used, together with the call code 23-AR-MAT-JVP-57, for any subsequent communications.

Once applications have been submitted online and the confirmation of the online PICA procedure has been received, it will no longer be possible to access them in order to modify them; they may only be withdrawn using the function “ritira/withdraw” on the initial page of the procedure. Candidates can, however, submit a new application. After the deadline for submission, the online procedure will no longer permit access or the online transmission of applications. Please note that the online procedure may undergo temporary suspensions for technical reasons.

No other form of transmission of applications and/or documentation for participation in the selection is allowed other than those indicated above. Solely in the case of proven and certified technical unavailability of the online PICA procedure, the Scuola reserves the right to accept admission applications and/or supporting documentation submitted in other modes, provided they are transmitted before the call deadline.
Technical instructions for completing the application form are available on the Scuola’s website.

In the online application, applicants may also indicate up to 3 experts in the field of research, to whom the Scuola Normale Superiore will ask to send a letter of reference to be received by 23:59 (Italian time) of 15th January 2023.
